ROSWELL, NEW MEXICO, SATURDAY EVENING, JUNE 19, 1909

NUMBER 94

INCOME TAX POSTPONED

Washington, June 19.—Senator Bailey, speaking for himself and most of the Democratic and Republican advocates of the income tax, announced at the opening of the session this morning, that he would consent to postpone the disposal of the income tax question until after the tariff schedules had been disposed of. It became apparent at once that the postponement would be made, but there was some debate before a conclusion was reached.

Bailey sought an assurance that no motion would be made to send an amendment to the committee but Hepburn resisted this, saying he would agree to no proposition favoring an income tax or a tax on corporations or "any subterfuge" as a means of paying the expenses of the government.

Aldrich then announced that he had asked the attorney general to prepare an amendment to the constitution in keeping with the ideas of President Taft and that the amendment would be considered in this concrete form before being taken up regularly. Bailey said he understood that bills for revenue should originate in the House of Representatives instead of the White House, but Aldrich said it was not a matter of revenue but of working to the best advantage. The question of amendment was then allowed to go over.

MOB DRIVES THREE PRIESTS FROM A NEBRASKA TOWN.

David City, Neb., June 19.—Father Kline, who with Bishop Bonacum and Father O'Brien, were driven by a mob from Ulysses, Neb., last night arrived here today and drove from David City to Blair. It is reported that the three walked to Garrison, where Bishop Bonacum and Father O'Brien are understood to have taken a train for Lincoln. The three church men were driven from Ulysses when they undertook to take possession of the parish of Father Murphy. Both Catholics and non-Catholics joined the mob.

City Council Tonight.
The city council will meet tonight in recess session for the transaction of regular business.

Application for marriage license was made today by Edger L. Graves, 31, and Fannie E. Tow, 17, both of Kenna. The application was accompanied by the signed consent of the parents of the prospective bride.

EAGLES' BENEFIT DREW ANOTHER MONSTER CROWD

The Roswell aerie of Eagles was the beneficiary of a performance of the Melba Palmer Stock Company at the Armory last night and the nature of the event, together with the announcement that a specially good show would be given, drew another monster crowd. However, it is authoritatively stated that the crowd was not quite so large as on the night of one week before when the Elks were given a similar benefit. The company played "The Bosom Friend of Mr. Bowser," last

night and the show was a good one, pleasing everybody. Clever specialties were given between acts. The same play was reproduced this afternoon at a matinee and will be given again tonight. The company will play all of next week at the Majestic, the new order of Owls being the beneficiary all week.

TWO STORY CEMENT AND BRICK BUILDING NEXT

Captain R. P. Bean will start a force of men to work next week on the construction of a two story brick and concrete business house on his lot on east Fourth street next week. The walls will be made of reinforced concrete and the front will be made of glass and brick. The house will be 33 by 100 feet in its size. The first floor will be made into a business house and the second floor will be fitted out as a hall for the Odd Fellows. Captain Bean will let no contract for the work, but will superintend it himself. The new business house will be a credit to Fourth street and will be another argument in favor of the theory that Roswell is no longer a "one street" town.

ARIZONA STATION AGENT FOUND DEAD, MURDERED

Yuma, Ariz., June 19.—The station agent at Wellton, twenty miles from the scene of the supposed killing of Peter Hodges on Thursday, wires found by the sixth searching party led by Ariviso.

EMPEROR NICHOLAS SENDS SALVE TO THE WOUNDED.

Helsingfors, Finland, June 19.—Emperor Nicholas has sent one hundred dollars to Coyne, the engineer of the British steamer Woodburn, who was slightly injured when that vessel was fired upon on Wednesday in Pitkin Bay by a Russian torpedo boat for approaching too close to the rendezvous of Nicholas and Emperor William.

MEAT INSPECTION INQUIRY TO BE A DARK SECRET.

St. Louis, Mo., June 19.—When the investigation into the meat inspection system of the government at the stock yard, was resumed here today, George P. McCabe, solicitor of the department of agriculture, said the testimony of Julius Bishoff would not be made public until it had been seen by Secretary Wilson.

ELKS AND HIGH SCHOOL WILL PLAY THE RUBBER.

Another base ball game between the Elks and High school is scheduled for Wednesday afternoon at Amusement Park. These teams have played two games, each winning one. The last score was 8 to 7, which shows how evenly the teams are matched. Practically the same teams will meet next Tuesday, and an interesting contest is expected.

The Lone Star.

The Lone Star Restaurant at 213 Main street is now owned exclusively by C. P. Cochran and he is making a strong bid for the trade of the city on short orders quickly filled, with the best foods at reasonable prices.

This stand is at the front of Jacoby's Pool and Billiard Hall. Mr. Cochran understands the wants and needs of this community in the eating line, being a native of Eddy county, having been born at the present site of Lakewood. He came here four months ago from Carlsbad and soon after purchased the restaurant he now personally superintends.

Mr. Cochran's aim is to give as much for your money as any restaurant can and solicits a share of the trade of the public.

Steve Karr, the well known local chef, has charge of the cooking and serving during the day and Mr. Cochran stands the night watch until the trade ceases. Hot chili, hot soup and lunches at a moment's notice.

HIDEOUS MURDER

New York, June 19.—The murder of Miss Elsie Sigel, grand daughter of General Franz Sigel, whose body was found last night crowded in a trunk in the room of a Chinaman, after she had been strangled with a curtain cord, appears to be the most strange case in years. One of the odd features was the failure of the father, Paul Sigel, to identify the body of his daughter, while the mother identified her daughter by pieces of jewelry.

A number of persons have been found who declared Miss Sigel had been a friend of the Chinaman, William L. Leon, in whose room the body was found.

Notwithstanding the identifications stated, Paul Sigel has gone to Washington to "bring Elsie home."

Leon, who was also known by other Chinese names, has not been found. Neither has Chung Sin who occupied the adjoining room. Both rooms are on the fourth floor, of 728 eighth avenue, over a Chinese restaurant.

It is reported that Leon and Sin are on their way to Vancouver by way of Panama and all boats are being watched.

Miss Sigel had been engaged in missionary work among the Chinese and was twenty years old. Florence Todd, another missionary worker, who identified the body, told the police Elsie and Leon had been thrown much together and that Leon was greatly enamored of the girl and intensely jealous.

Between 1500 and 2000 letters from women and girls in New York and other cities were found in Leon's room, some of them signed "Elsie," and evidently love letters. A notebook contained the names of hundreds of girls and women.

It was evident Miss Sigel's foot-wear had been taken from her to prevent her escape.

TODAY'S RACES ON THE GREAT WESTERN COURSE

Crown Point, Ind., June 19.—With twelve contestants for the race for the Cobe cup over the Western Vanderbilt automobile course was started at eight o'clock this morning. Perfect weather prevailed. The drivers started one minute apart. Robertson, driving a Locomobile, who ran second yesterday, was confident he would win today, as he said the new course is a better length, the race being 395.66 miles. Early this morning the militia-men were taken to their posts over the course to preserve order and to prevent accidents. Thousands of spectators poured over the grounds seeking vantage points and the maple woods, which beautify a portion of the course, were filled with the early morning arrivals.

Just before the start of the race, Matson, who won the Indiana cup, yesterday, was presented with the trophy.

Chicago, June 19.—Five men were injured, two of them seriously, this morning, when a machine smashed into a fence near Chicago. The machine was going at a rapid rate when the steering gear became disabled. Michael Shangoll, the owner of the machine, is thought to be hurt internally.

Crown Point, Ind., June 19.—With 256.14 miles covered and 139.14 to travel, it is believed that George Robertson, the eastern driver of the Locomobile would win the Cobe trophy. He was twelve miles ahead of his nearest competitor, Chevrolet, and it appeared as though nothing but a breakdown could beat him.

Just Joe Torian Now.
Joe Torian has been in Roswell for twelve years with the exception of one year he spent in South Dakota. He has been in the transfer business in Roswell for eight years, all of this

time by himself until a year ago when he took in Ernest Best as a full partner. On May 29th of this year he purchased Mr. Best's interest in the business and it is now all Mr. Torian's. It is known as the Torian Transfer Company.

Mr. Torian, as his many friends are aware, is an untiring hustler and has left no ground uncovered to establish a thoroughly complete transfer business here.

With all of the business in his own hands, he is imbued with even greater hustling spirit than ever. A new van enables him to make the strongest requests for house, furniture, piano, safe and heavy moving. Among his seven wagons, he has heavy floats and wagons for picnics, hay-rides, tournaments, country reunions, etc. Moving houses a specialty.

Mr. Torian has a well organized transfer business and has for his motto: "The World Moves and So Does Torian."

He also keeps in touch with the wants of the people. He meets all trains. The stand where you can find a wagon is on Second street, next to the Joyce-Pruit Company. The office phones down town are at the Smoke House, No. 440 and at the Wigwam, No. 313 and his residence phone is No. 468.

Mr. Torian absolutely guarantees all work and his past services are substantial proof of this statement.

MORE OIL THAN THEY KNOW HOW TO HANDLE.

"All the lard cans, buckets, pails and even the empty tomato cans, to say nothing of the larger vessels, have been utilized in Dayton as receptacles for the output of the Williams oil well," said S. Totzek upon his return from an investigation of the Dayton oil field this morning. Continuing to talk of the sights he saw there he said: "I never saw such a greasy place in my life. There is oil everywhere. It is at least a 25 barrel well, and the people of that country, at least, will have

from this well alone all the oil they can use. While I was there the drillers were fishing for a bit that had been lost in the hole and I did not get to see them bailing out the oil, but they had more above ground than they could care for anyhow. They are building a big concrete reservoir to building a big concrete reservoir to 25 feet in size and will probably be built eight or ten feet high. There is no bluff about the oil at Dayton this time."

WELLS CASE SET FOR TRIAL JULY SIXTH.

Judge Wm. H. Pope called and set a number of cases in district court today and the trial of Wm. T. Wells for the killing of Ollie Shirley was set for Tuesday, July 6.

The trial of the suit of Benjamin T. Camp against Richard D. Champion and others for failure of drilling an artesian well was ended yesterday after an extended hearing and the jury brought in a verdict this morning, finding for plaintiff for \$1,646.50, when plaintiff had asked for \$5,000. The verdict had some special findings, as follows: that no damages had been paid Grant Brothers; that \$1,301.50 had been paid J. R. Stanley in damages; that \$345 had been paid for additional casing, and that there was no damage from loss of crops and trees. Both sides gave notice of motion for new trial.

The suit of George A. Davison against Fay Etta Owens, for \$4,000 as commission for finding a buyer for \$80,000 worth of property, was started today.

The following suits were dismissed today upon motion of plaintiffs:

Mary Joyner against James Joyner for divorce.

G. T. Miser against Mrs. S. L. Bevers, with waiver of damages by W. C. Reid, attorney for garnishee.

W. S. Day against N. J. Fritz, and others.

Frank Wychoff's Baby Dead.

The eight days' old baby of Frank Wychoff died this morning at their home in Hope and the body will be brought here tomorrow for burial. The child's mother died one week ago and her body was brought here for interment last Sunday.

ACCEPTS WARNING

San Francisco, June 19.—When court convened this morning in the trial of Patrick Cathoun, president of the United Railways, charged with attempted bribery, Francis J. Heney began the last portion of his argument to the jury. He was very husky from long talking and spoke rapidly in order to utilize all the time remaining. He directly charged witness fixing and perjury against the officers and agents of the United Railways. He charged the home of James Gallagher, at Oakland, had been dynamited by agents of the defense. At the end of this subject, he said:

"Now that A. A. Moore, of the defense, has assured me that the defendant and his associates wish me a long life, I shall take extra precautions to see that I am not shot in the back or dynamited. The evidence shows it is possible to prepare evidence in advance and I don't overlook warnings of this sort."

EDITOR MULLANS REPORTED TO BE MARRIED MAN.

Carlsbad, N. M., June 18.—A message received in this city yesterday by Jas. Mullane, managing editor of the Carlsbad Current, stated that W. H. Mullane, his father, editor and proprietor of the Current, was married June 12, in Phoenix, Ariz., to Miss Della Sweeten, formerly of this city. They left immediately for Seattle, stopping one week in Los Angeles, Calif. They expect to return to Carlsbad about July 15.

LIGHTNING STRIKES TREE; INJURES TWELVE CHILDREN

Sparta, Ga., June 19.—While sixteen children were attending a Sunday school picnic at Martin Springs near here, a bolt of lightning struck a tree under which they were standing with the result that every child was rendered unconscious. When aid came all of the children were apparently dead. Two doctors in the party found six in such condition that recovery may be impossible. The others are not considered in a serious condition. An examination showed the tree to be perfectly photographed on the bodies of the nine children.

CHRISTIAN CHURCH PEOPLE HAVE MEETING.

A most enjoyable evening was spent Thursday June 17 at the beautiful new home of Mr. and Mrs. J. S. Cooper in which the C. W. B. M. Auxiliary of the Christian Church held an open meeting all members with their husbands being invited and several outside friends making a total of over 75 present.

The meeting opened by singing the Doxology, invocation by Mrs. Ella Aldridge, followed by the Sec. Mrs. Alma Hill reading a report of the last month's meeting.

This closed the business period. The singing of America, prayer by Mrs. Dr. Finley and Scripture lesson from John 4:35-36 James 1:17 by Mrs. Ella Aldridge opened the devotional program.

Brother and sister C. C. Hill gave a duet which was much enjoyed by all.

Sister Fowler gave a talk on New Mexico and West Texas Convention which was held at El Paso May 29 to

June 2. Touching of the great hospitality of the Texas people and the enthusiasm and earnestness that was showed throughout the entire convention. Mrs. Fowler is Pres. of the C. W. B. M. territorial work and brings the good news of better work along all lines in the future.

Miss Cora Aldridge then gave a reading followed by Bro. Fowler with a talk on our Centennial telling of the many inventions and great achievements that have taken place in the last 100 years. Also touching on the lives of the great reformers and pioneer preachers of our land. As a religious body we have accomplished much and our great hope is to do much greater things in the next 100 years.

Messrs. Chamberlain, Cummins, Tindler and O. Z. Finley then rendered a quartet, pleasing all lovers of music.

A paper by Mrs. O. Z. Finley, on the beautiful life of Ruth was then read. Mrs. Finley certainly did justice to this character.

The Auxiliary benediction was then repeated by all members, after which all were at liberty to spend a social hour.

A guessing contest, who are you? conducted by Mrs. J. W. Tindler and partaking of ice cream and cake served by the Social Committee closed a very interesting and helpful meeting.

THE BIGGEST AUTO IN ROSWELL VICINITY.

A. H. Morriss, who lives three miles east of town where he is engaged in farming, has the biggest touring car in Roswell. It is what is called in auto circles the Winton Sixteen-Six and has six cylinders with forty-eight horse-power. The car was brought overland from Hereford three days ago and since its arrival has attracted considerable interest on the streets. It carries comfortably seven full sized passengers.

NEW MEXICO'S FAME IS STILL SPREADING.

When Mme. Nordica recently appeared here before the fashionables of Roswell at a crowded house at the Baptist church, the music-loving public was afforded a rare treat. This same discriminating taste is displayed by a member of the Nordica Company who bought post-cards of the Ingersoll Book, Stationery and Art Company, showing views round and about Roswell. Some days ago Mr. Ingersoll received a liberal order for post cards from London, England, ordered by a member of the Nordica Company.

The Roswell Daily Record of Thursday, June 17, had the following cable message:

"King to Hear Nordica.
London, June 17.—Mme. Nordica will give a farewell concert in Queen's Hall tonight. King Edward has reserved all of the front row stalls for the occasion."
